Step-by-step guide to how we turn ideas into high-quality finished products

Our Milestones

2011: Humble Beginnings

Founded in 2011, Lamonte started as a 50 sq ft home-based bespoke tailoring workshop. Driven by a passion for exquisite craftsmanship and personalized service, we meticulously crafted custom garments for a small but growing clientele, laying the foundational stone for what would become a leading apparel manufacturer.

2015: Scaling Up

Responding to increasing demand, we expanded to a 200 sq ft workshop and onboarded five skilled tailors. This strategic move enabled us to secure our first major 500-unit bulk order, marking a significant step from bespoke tailoring to larger-scale production and affirming our capacity for growth.

2021: Lamonte Mode Internasional

This year marked a pivotal transformation with the official launch of the Lamonte brand, moving into a state-of-the-art 500 sq ft facility. This expansion allowed us to diversify our offerings, venturing into kidswear, uniforms, and private label manufacturing, truly establishing our presence in the wider apparel market.

2023: Full-Service Manufacturing

We successfully evolved into a comprehensive, full-service apparel manufacturing powerhouse. Our expanded capabilities now encompass end-to-end "maklon" services, managing the entire production process from design to delivery, supported by efficient nationwide distribution channels that reach clients across the country.

2025: Global Presence

Looking ahead, we are poised for significant international expansion. With robust export-ready systems, highly scalable production capabilities, and dedicated bilingual support teams, Lamonte is prepared to serve a global clientele, bringing our quality and expertise to new markets worldwide.

Sustainibility Commitment

Ethical & Eco-Aware Production

- We use low-impact, breathable fabrics such as cotton, rayon, and babyterry.
- We minimize textile waste through smart pattern cutting and efficient planning.
- Our workshop empowers local women tailors, offering fair wages and safe work environments.
- Packaging options include kraft paper bags, compostable polybags, and recycled box solutions.
